

Cynthia M. McLaughlin

April 24, 1942 - August 31, 2024

Our mother, Cynthia Marie Cuff Denby, was born on April 24, 1942, to the late Ceaser Bailey and the late Francelia Cuff. She grew up in Media, Pennsylvania, and attended South Media Elementary Grade School and Nether Providence High School, graduating in 1961.

In June of 1962, she married Joseph W. Denby, and they had two children: Joseph G. Denby (Bridget Denby) and Thomas L. Denby. She came from a large family, including her siblings Reginald Myers, James Cuff, Valerie McIntosh, Janice Jenkins (John), Wesley Gibson, and Gary Gibson. Cynthia has four grandchildren: Joseph T. Denby, Charley Denby, Brian Denby, and Lilly Denby, and a host of nieces and nephews.

She was a devoted churchgoer. In her early years, she attended St. Paul Church in Media, PA, where she sang in the church choir. Later, she became a beloved member of the First Baptist Church, serving as an Usher Board Member.

Predeceased by Harold Cuff and Nadine Payne.

She enjoyed spending time with her family at cookouts and gatherings. During holidays, she would prepare large family dinners where all family members would gather to eat. Not one for staying in one place, our grandfather (Caesar

Bailey) once gave her the nickname of “gypsy.” Because we would move around so much. One of those moves was to Washington State.

While living in Washington State, she enjoyed her beloved Mt. Rainier, looking at it every other morning while enjoying her coffee. She also started a business that flourished for two years, Cindy’s Cleaning Service. Later, she became a manager of an apartment where the tenants loved her.

For several years, she would make her way to Southern California for her annual birthday celebration month. She traveled up and down the State of California, from Old Town San Diego to walking down Venice Beach to the Third Street Promenade, Sunset Boulevard, San Francisco, enjoying her Starbucks Frappuccino and her love of Taco Tuesdays, and hanging out at the famous Fisherman’s Wharf. She was everywhere.
