“ Pops!! I can't believe I'm writing these words. You were always larger than life! You treated me like a daughter growing up, and I will never forget the laughs and the fun times. You were always smiling and always ready to crack a joke on us as kids. I will hold those memories near and dear to my heart.

“ My memory of you, Uncle Dozz, is filled with the many roles you so beautifully live—son, husband, father, grandfather, brother, uncle, cousin, and friend. Your smile will forever be a precious gem in my heart, and your distinctive voice will always echo in my mind.

With love always,

Your niece, Keya

“*Unc, no matter what, why, or when, you always smiled & embraced my love. When I saw you at the most recent family funeral you hugged me ever so tight and said you were “happy to be alive another day” and that’s what & how I’m going to remember you... happy💕💕*

“*Me and my husband just saw you a week ago at Walmart, and we stood there talking for almost an hour. If I had known that would’ve been our last time together, I would’ve hugged you a little longer.*

No matter what time of day or night we ran into you, you always said, “Shanna, you sleepy? You got those sleepy eyes, are you okay, Neicy?” That’s something I’ll always hear in your voice.

I had just started coming to the Kingdom Hall more to see you and make you proud. I’m going to hold on to that.

Until we meet again, Your favorite niece, Shanna 💔💔
