May I go now?

Don't you think the time is right? May I say good-bye to pained-filled days and endless lonely nights? I've lived my life and done my best, an example I've tried to be. So, can I take that step beyond and set my spirit free? I didn't want to go first, I fought with all my mind! But something seems to draw me now to a warm and loving light. I want to go! I really do! It's difficult to stay, but I will try as best I can to give you time to care for me and share your love and tears. I know you are sad and afraid because I see your tears. I'll not be far, I promised that, and hope you'll always know that my spirit will be close to you whenever you must go. Thank you for loving me, you know I loved you too.

That's why it's hard to say good-bye and end this life with you. So, hold me now, just one more time and let me hear you say. Because you care so much for me, you'll let me go today!

Lovingly submitted. The Family

Dear God, please look after my mother just as she looked after her family, bless her and give her all the happiness she had hope for us to have, and let her feel protected just as we felt protected by the angel, we call Estell.

Juan, Brian, Maurice, Shawn

The moment that you died my heart was torn in two, one side filled with heartache, the other died with you. I often lie awake at night, when the world is fast asleep, and take a walk down memory lane, with tears upon my cheeks. Remembering you is easy, I do it every day, but missing you is heartache that never goes away. I hold you tightly within my heart and there you will remain. Until the joyous day arrives, that we will meet again.

Alexis

If only I knew that our time would be so brief, Spoiled you rotten I would have done. If only I knew that would be our last phone call, just to listen to you speak, held on longer I would have done. If only I knew that would be your last text, Kept it in my inbox I would have done. If only I knew it was the last time I was seeing you, Called you back and hugged you tight I would have done. If I only knew it was the last time I would see you smile, Stood longer and watch you smile I would have done. If only I knew that seeing your face for the last, Memorize all t features I would have done. If only I knew that God would take you away so soon, Spend all my time with you would I would have done.

There a lot of things I would have done differently If only I had known.

“ *Death brings pain that time can only heal, No word could ease what  
we truly feel; But with god, her joy is eternally sealed, And cherish  
her memories that death cannot steal. Lift up a smile for she is  
already in Paradise. My Deepest Condolences*
