

Tommie Robinson III

May 6, 1995 - April 18, 2023

Tommie Robinson III was born on May 6, 1995. He was also known as Tee as he grew older he would love to play basketball in The Upper Darby Police Athletic League, PAL, at the community basketball at the Upper Darby AA Gym. He had won many trophies and he learned his love for basketball from his brothers Kyle and Colin who both loved sports and would “talk crap” about his teams. He would spend summers and weekends with his dad and all his brothers and his sister and the foxx cousins in Darby where they would use anything in the house to have a good time, for example taking the thickest comforter blanket in site and sliding down the many steps. He loved the down south trips with dad and Atlantic City trips with mom.

Tommie went to grade school at Bywood, Stonehurst Elementary School, Pennwood East, Pennwood High School. He excelled at every class. His sister Diamonique always accompanied tee to school and after school programs where he learned leadership skills. He did very well in school and is amazing with technology in which he followed his calling to be a tech guru. After grade school, Tommie went to All-State Career School, Delco Community College and was studying for computer forensic certification with NERDIT Now Foundation in Delaware.

Tee would love his coworkers no matter where he worked. His sister Diamonique got him his first job in a youth work program, PYN Delco where

she was his supervisor and he worked with kids and had class with his step brother Malcolm. He landed a job working at the Philadelphia Airport working as a septic lab tech and cleaning the inside of planes. He was very fond of his Supervisor and his coworkers. He had many jobs that he would become friendly with everyone. Tee planned to open his own tech company with his sister Diamonique in West Philly.

Tommie loved to have fun and travel and talking to his parents and siblings about his favorite sport team and movies. He was such a wonderful person to know.
